EXPERIENCE

Freelance Web Development, Chicago, IL — *Front End Web Developer*

August 2019 - Present

Working with clients to build websites that work best for them. Taking the content they provide and turning it into the website that solves any problems they have as a business owner while also meeting the aesthetic designs that they desire.

Petland and Aquarium Adventure, Bolingbrook, IL — *Kennel Technician*

April 2019 - March 2020

Cleaning and sanitizing all areas of the kennel and all items that come into contact with our animals, giving the animals any medicine that they may require, grooming and bathing all of the animals, helping train the animals if their behavior needs correcting.

The Room Lisle (Escape Room), Lisle, IL — *Game Master*

November 2014 - April 2016 December 2018 - April 2019

Performing minor repairs on damaged or worn props and items, cleaning and organizing the rooms and main lobby, helping out groups inside the room while they were playing, letting people know what to expect in the room and how to play, supervising guests while inside the room, training new employees on various duties, handling money, creating appointments, and answering phone calls.

EDUCATION

General Assembly, Chicago, IL — [Certificate of Completion](#)

July 2019 - October 2019

Learned the basics of the most important languages in Front End Web Development such as CSS3, HTML5, and Vanilla Javascript. Learned about the DOM and how to manipulate it to use it to my advantage. Learned about AJAX with both XMLHttpRequests and using Axios to make requests. Also learned how to properly use GitHub to benefit myself as well as other people in the tech industry.
